OVERFISHING UNDER REGULATION

VDM Verlag Mrz 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x25 mm. Neuware - This book explores the idea that poor fisheries management - and the economic and ecological damage which follows - is largely the result of management failures to implement important strategies to account for uncertainty. The two most important of these strategies are the precautionary principle and the ecosystem approach. After investigating the implementation of these strategies in Australian fisheries case studies, the author concludes that implementation is...
