*The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.*

Excerpt: . . . this to be an executory contract of sale, with a collateral warranty as to quality, and, therefore, that the purchaser might retain and use the article after discovery of the defect and recover damages for breach of warranty. In *Kent v. Friedman* (i) it was held that a contract of sale of tobacco, with a representation that it was equal to a sample shown, and was good and sound, constituted an executory sale, with a collateral warranty. This warranty survived an acceptance after an opportunity to examine, and the purchaser was not precluded from recovering damages while retaining the goods. In *Carleton v. Lombard* (2) the opinion announces a present tendency to regard certain terms rather as part of the description of articles to be delivered under executory contracts, than as constituting a collateral obligation of warranty. In speaking of the possibility of the existence of implied warranties in cases where there are express warranties as to condition, the Court declares that there is much confusion in the cases on this subject, arising, doubtless, from an inaccurate use of the term warranty. We have, on the other hand, in contrast with the preceding, the case of *Reed v. Randall* (3), in which the vendee agreed to purchase a growing crop of tobacco, and to accept a future delivery of the same, well cured, boxed and in good condition. It was, in fact, in bad condition and not well cured when delivered. Upon discovery of this...
