Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The book of Genesis represents the start of a journey learning about who God is and how individuals have not only related to Him, but have also been directly instructed and guided by Him. The creation/evolution issue is a contentious one, yet by a careful study of the text in the initial chapters, and with the addition of an article by an eminent Jewish scientist, this book shows that the two are in complete harmony and are in fact complementary. By thinking outside the box this book sheds light on how we can more easily understand how the evolution of the earth developed according to the creator s plans and how it can be disposed of when the new heavens and the new earth appear. The book of Genesis is filled with characters in the text who may have lived unsophisticated lives compared to today, but it is essential that they are treated as real people having to face real life experiences, decisions and personal problems in a world full of danger, just like people today. Jacob has long been identified as an arch deceiver; yet by careful reading the account of his tussle with Esau over the eldest son s birthright and blessing a completely different man is revealed. The account of the life of Joseph shows how faith is tested. As a rather naive young man he put his brothers backs up to the point where they decided to dispose of him, only for them to end up with a guilt complex because of his sudden and unexplained disappearance from a deep hole in the ground. The way in which Joseph, who enjoyed...
