TotalRecall Publications. Paperback. Book Condition: New. Paperback. 346 pages. Dimensions: 8.9in. x 5.9in. x 0.9in. As one of the few spy novels to feature a female spy, Horizontal Collaborator takes place in Europe, from the turn of the twentieth century through World War 1. In this novel we are introduced to the eccentric lifestyle of the Hungarian nobility, sharply contrasted to the childhood of Gabrielle Violette Clary, an illegitimate peasant born in the countryside of Lorraine in France. The future female spy, Violette, becomes a streetwise Parisienne, reveling in the unconventional caf life of the period. She scratches out a living in Montmartre, amid surroundings that attract artists as well as a wide variety of other characters, some intelligent, worldly people, and some who are merely bizarre. Through her dubious connections, she is presented with an opportunity to work for the French Chief of the Fifth Bureau as a female spy in the role of double agent during the war. Despite the misgivings of the Entente, the Chief dispatches her to Spain with instructions to do what she can to infiltrate the German intelligence network. After a brief training course in female spy school, Violette boldly embarks on her ambitious undertaking armed only with her street brashness and extreme naivet. She subsequently becomes the mistress of the chief of German Naval Intelligence, Baron Leo von Beringer. Her assurance is severely tested as she wonders how far she can go in her deception of an extremely high-ranking German officer. In this deftly written spy novel, a theme of interconnectedness unfolds between the characters, though they are widely scattered throughout France and Spain and the great empires of Prussia and Austria-Hungary. We follow the various threads of their lives as they converge. As a female spy, she navigates through sharply contrasting class and...
