At the beginning of each new school year both teachers and students begin the learning process and with the right application of the correct principles, benefits both parties greatly. In *See! Believe! Achieve!*, Robert Grossi shows that vision is about possibilities, going beyond the limitations and believing that anything can happen. He shares tips and advice for discovering the heart and soul of teaching. This guide to teaching through planning, management, and curriculum challenges educator s thinking, vision, decision-making, and strategic planning. Success can be accomplished with a simple equation: Consistency + Follow Through = Security. Regular self-evaluation is a staple in assisting students with understanding what positive behavior is, and helping them to practice positive behavior. Teachers and students will experience a success-oriented classroom environment. It is time to review your personal educational style and plan for student success stories. Implementing Robert Grossi s methods of positivity and organization will open the door for infinite possibilities and allow anyone to see, believe and achieve the potential of the education experience. Robert Grossi has followed his calling to work in education since he was fourteen. After thirty-five successful years in education as a teacher, vice principal, WASC coordinator, and administrator, Robert developed his belief in a school community that is a caring, enjoyable, and exciting environment. He lives in Pasadena, California.
