S. leadership in science and technology, and a reliable, sustainable energy supply. Approximately two-thirds of DOEs budget is devoted to (1) defense and national security programs and (2) environmental cleanup and quality. DOE is responsible for maintaining nuclear weapons by certifying their reliability and replacing their components. In carrying out this mission, DOE must keep nuclear weapons information and materials secure from such threats as espionage and terrorism. DOEs role in preventing the proliferation of nuclear and other weapons of mass destruction is vital in the post-Cold War era. In addition, DOEs mission to produce the nations nuclear arsenal has left a legacy of environmental hazards needing cleanup; 44 facilities located in 17 states still require...
